

Attention Students and Parents:

**On February 14, 2012, the Jordan School District Board of Education approved a boundary change (Option C) between Eastlake and Welby Elementary Schools** to help balance boundary student populations. This change will go into effect for the 2012-2013 school year. **There will be no boundary change for Rose Creek and Daybreak Elementary Schools.** All four schools will remain on a year-round calendar.

Information regarding the new boundaries for these schools is available at [www.elementaryschoolboundary.com](http://www.elementaryschoolboundary.com) or on the District website. This letter includes a map (see other side) showing the new boundary as well as a written boundary description for each school.

More information about registration will be forthcoming from each individual school. Families considering applying for a permit to attend a school other than their boundary school should contact their school of choice. Because this boundary change is being considered in order to reduce enrollment at Eastlake Elementary, permits to Eastlake will be extremely limited. Students currently enrolled in Chinese dual immersion will be able to continue in the program regardless of boundary assignment. Siblings of students in the dual immersion program will be granted a permit to Eastlake as long as space is available.

Questions may be directed to your boundary school principal or Administrators of Schools, Dr. Anthony Godfrey (801) 567-8173, or Teri Timpson (801) 567-8342, regarding these new boundaries.
